About the AALA

The Association of Legal Administrators (ALA) was formed in 1971 to provide support to professionals involved in the management of law firms, corporate legal departments and government legal agencies. The primary purpose of the association is to promote and enhance the competence and professionalism of all members of the legal management team; improve the quality of management in law firms and other legal service organizations; and represent professional legal management and managers to the legal community and to the community at large.

The AALA is an award winning chapter of the ALA. Serving over 200 members from over 100 law firms and corporate legal departments in the state of Georgia, the AALA is one of the largest ALA chapters in the association.

ALA's website: www.alanet.org

Why Join?
